

FINANCIAL AND COMMERCIAL.

THURSDAY, JUNE 5-6 P. M.

There is nothing new in the money market. Money is worth from 3 to 5 per cent. per annum on call, the general rate in the street being 4.

Exchange is moderately active. Bankers ask 114 1/2 at 114 1/2 there is a lively demand. Francs are worth 4.35 a 92 1/2. Gold advanced to-day to 104 bid.

The stock market continues active and buoyant. There are no signs as yet of any decline in the public inquiry for dividend paying stocks; on the contrary, as the government pays its debts, and money becomes more abundant, the demand for reliable securities which pay a good income becomes more active. Speculative non-dividend paying shares are likewise wanted, mainly on the principle that if the better class of securities advance these must advance with them. Government sixes rose 1/4 to-day. The official report from the Secretary of the Treasury, stating the public debt on the 25th of May at \$491,445,984, at an average rate of interest of four and thirty-five one-hundredths, has had the effect of stimulating the demand for public stocks. New York Central rose 1/2, and was active at the advance. Speculators predict that New York Central will sell at par this summer. Erie was not so strong in the morning, but rallied afterward, and the preferred closed at an advance of about 1/4 over yesterday's closing price. Pacific Mail rose to 117, at which price there were sales, and closed 116 1/2 bid-an advance of 1/4. State stocks were active; Missouri rose 1/4 per cent, and were in demand at the advance. Reading advanced 1/4, Michigan Central 1/4, Southern Ohio 1/4, guaranteed 1/4, Panama 1/4, Illinois Central 1/4, Galena 1/4, Rock Island 1/4. At the second board there was a sale of Illinois war loan at par. The market closed firm, the following being the last quotations:—United States 6's, registered, 1881, 100 a 103 1/2; do. 6's, coupon, 1881, 100 a 106 1/2; do. 6's, 1874, 96 a 96 1/2; 7 3/4 10 Treasury notes, 100 a 96 1/2; Tennessee 6's, 59 1/2; Virginia 6's, 67 a 69; Missouri 6's, 53 1/2 a 53 3/4; Pacific Mail, 116 1/2 a 117; New York Central, 91 1/2 a 92; Erie, 38 1/2 a 39; do. preferred, 86 a 86 1/2; Hudson River, 43 a 47; Harlem, 14 1/2 a 14 1/2; Reading, 69 1/2 a 71; Michigan Central, 64 1/2 a 65; Michigan Southern and Northern Indiana, 27 1/2 a 27 3/4; do. guaranteed, 55 1/2 a 56 1/2; Panama, 132 a 133; Illinois Central, 64 a 64 1/2; Galena and Chicago, 71 1/2 a 72 1/2; Cleveland and Toledo, 43 1/2 a 46; Chicago and Rock Island, 64 1/2 a 65; Chicago, Burlington and Quincy, 75 1/2 a 76 1/2; Milwaukee and Prairie du Chien, 29 a 29 1/2; Illinois Central bonds, 7 1/2 a 96; American gold, 104 a 104 1/2.

After the second board the market was very strong, and there was a general inquiry for the speculative shares at a further advance of 1/4 a 1/2 per cent.

A correspondent, referring to the statement of dividend paying concerns in this morning's Herald, inquires how long the Pacific Mail Company has paid 20 per cent. The following is a list of the dividends paid by that company during the past six years:—
